PRODUCT INFORMATION

- * Increase Fruit Set
- * Increase Fruit Size
- * Enhance Bloom
- * Low Salt Index
- * Near Neutral pH
- * Low Impurities

PRECAUTIONS

Avoid getting in eyes or on skin. The use of safety glasses and gloves is recommended. Harmful if swallowed. Avoid contact with eyes, skin, and clothing. If on skin, remove contaminated clothing. Wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water for 15 minutes. If irritation persists, obtain medical attention. See MSDS for further information.

DISCLAIMER

It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the users responsibility to conduct a trial application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. When mixing with other spray materials a jar compatibility test is recommended.

Always read label instructions.

CONDITIONS OF SALE

UAS of America Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use conditions. Crop injury, product use ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of UAS of America Inc. In no case shall UAS of America Inc. be liable for consequential, special or indirect damages resulting from the use, handling, or shipping of this product. All such risk shall be assumed by the buyer/end user. UAS of America Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

A LIQUID BIOLOGICAL N-P-K FORMULATION with a superior edge over the competition. We have added bio-stimulants to this hot mix homogenized NPK formulation. We also use only the best natural nontoxic food grade raw materials in this product. UAS of America standardizes its manufacturing process to go through a series of control steps to accomplish the end result. With each step we carefully monitor and do quality control tests to ensure that at all times, the end result is the highest quality product. We also do quality checks on raw materials before formulation as safeguards. We have taken our industry into the future through our quality control testing of these products. With these inspections, we always guarantee the end user a uniform high quality product.

Storage: Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5 C (41 F) and 25 C (77 F).
